—Your Vote Is Important—

Let not the voters of Coffee county have their attention so riveted upon the approaching presidential primary that they lose sight of the fact that in the election next Tuesday they will choose county officers who will handle a million dollars of their money the next four years.

Five days remain for them to discuss with their friends and neighbors who the best men are. The Elba Clipper does not presume to advise them on this point because the voters should know the qualities of their fellow citizens who are candidates. Study each candidate's qualifications from the standpoint of his ability to manage, his business experience, and of equal importance, his moral character.

Let each voter resolve not only to cast his ballot seriously but to demand a clean election on the part of everyone concerned; to report to proper authorities any infractions of legal processes of government at a time when the eyes of the world are upon elections in the South. Let us leave no room for criticism.

There may be contests on the ballot with which you are not familiar. Then pass this contest by. Worse than not voting at all is to vote in a contest with which you are not familiar, just for the sake of voting. Your ballot will be counted even though you vote only in a single contest.

Vote as you please, but vote. The man or woman who fails to vote thereby forfeits his (or her) right to complain about the conduct of public affairs.

Ensign Bob Folsom Completes Antarctic Cruise; Talks to Elba From Polar Area

Navy Ensign Robert B. Folsom is scheduled to complete today a five-month cruise into the Antarctic during which he often talked with his parents, Mr. and Mrs. Robert Folsom in Elba by telephone and short wave radio hookup.

The parents, surrounded by green grass and blooming flowers in the warm sunshine in Elba, would hear their son's voice across three-fourths the length of the world's say: "It's 90 degrees below zero, the ship is covered with snow and ice and it's still snowing."

As if that wasn't enough, the last time he talked with his parents in March, this year, he said: "Well, be breaking camp soon because the Southern Hemisphere winter is closing in and if we don't get away in time we'll be frozen in."

The warmest weather at any time during their stay in the Antarctic "Summer" was 33 degrees below zero. At one time they made a trip inland to the base used by Admiral Byrd's expedition in 1926.

Ensign Folsom was married just before leaving on the five-month cruise and since then the bride has been staying at her parents' home in Columbus, Ga., but left early this week to meet him when his ship arrives in Norfolk.

The conversations between Ensign Folsom and his parents were carried out by short wave from his ship to a "ham" radio operator based at Elizabeth, N. J., Dallas, Tex., or New Orleans who would "pick up" the telephone to the radio set.

Ensign Folsom served aboard the cargo ship USS Ames which traveled more than 28,000 miles, greater than the distance around the world.

MY APPRECIATION

—FOR THE—

resounding vote of confidence four years ago. I have tried to justify that confidence by the service I have rendered to the people of District 3 and the entire county. I have kept the best qualified labor at all times. I have employed men on road machines and the county payroll with whom the public could, at all times, feel a just pride of association.

I have conducted county business with the same business-like procedure I use in my own affairs. I have shown no partiality anywhere in my district and I have cooperated with the other county officials in every way for the interests of the people of Coffee County. Likewise, I have cooperated with city officials of the four towns in the county in making improvements within city limits. I promise for the next four years the same courteous and business-like service as in the past. I will try to represent the people of the entire district and county without favoritism to any individuals or groups.

This Is
J. ALBERT DYESS

I Am A Candidate For
**COUNTY
COMMISSIONER**

For Northwest District No. 1
Coffee County

I was born and raised in District No. 1 and have lived all of my 50 years in the Northwestern part of our county.

My home is in the Bluff Springs Community which is about the center of the Northwest District.

I married Mable Scarbrough and we have four children. Three of our children finished the County Jr. High Schools and were graduated from Elba High School. Our fourth child, who is five years old now, will be in our school systems for many years.

I have transacted all of my business in Coffee County and as you can see from the above statements, my needs will be the same as yours — to promote the things that go for better business, better schools, better roads, and the best welfare for all the people.

I have been a farmer and cattle raiser all my life. I am experienced in general merchandise and the lumber business.

I know District No. 1, and I know the problems of the Commissioners. I am aware of the needs of our county and the great needs to spend our tax dollars to their best advantage.

If elected, I promise to serve all the people of Coffee County to the best of my ability.

On May 3, PLEASE go to the polls and VOTE FOR ME, J. Albert Dyess, Commissioner, District No. 1.

THANK YOU—

—VOTE FOR—

R. D. DYESS

Candidate For COFFEE COMMISSIONER

Northeast District 2, Coffee County

SUBJECT TO ACTION OF DEMOCRATIC PRIMARY

MAY 3, 1960.

★ I have lived all my life in the Victoria Community.

★ Operate farm and store at Victoria.

★ If elected I promise a fair and square deal to all my constituents.

Your Vote and Influence Appreciated !!

(Pd. Pol. Adv. by R. D. Dyess, Rt. 1, Jack, Ala.)

ED PEPPER

★ BRING SEGREGATION BACK IN BUSES, AND TRAINS
has sound program to cut
Your Phone—Gas—Light Bills

★ HALT USE OF OFFICE AS STEPPING STONE
When elected, Ed Pepper will stop on the job full time. He will not spend time running for office. Ed Pepper will use the Presidency of the Commission to serve the needs and interests of the people of Alabama and not as a mere political stepping stone to the Governor's chair.

★ END ADVERTISING PAYOFFS TO DAILY PRESS
The utility monopolies in Alabama spend millions of dollars every year for newspaper advertising. They pay this fee and light bills. Most of this advertising is not necessary. The utility corporations just use their ads as bribes to the daily press in exchange for slanted news stories and editorials. Ed Pepper will end these advertising payoffs to the daily press. He will require the utilities to pass the savings on to you in lower rates.

★ FORCE PHONE COMPANY TO REFUND YOUR MONEY
The telephone company is holding back over 35 million dollars that belong to you. They are using this money all the time, and using it like it was their own. Ed Pepper is going to force the phone company to refund this 35 million dollars that they have withheld from you so long, and to pay you interest on every single penny.

★ ABOLISH PHONY BOOKKEEPING PRACTICES
The utilities in Alabama are playing shell games with the public's money. They use dummy corporations, "legal" figures, and phony bookkeeping systems to keep the public in the dark. Ed Pepper will stop these phony bookkeeping practices and require the utilities to report their real income.

★ STRENGTHEN TVA
Having been born and raised in North Alabama, Ed Pepper has always been a staunch supporter of T.V.A. He has seen what T.V.A. rates have meant to our state. T.V.A. rates bring in jobs, industry, new pavements, and increased property tax for the people. You can count on Ed Pepper to support and strengthen T.V.A. in Alabama, and to work to get T.V.A. rates for everybody.

★ CUT UTILITY RATES TO FAIR LEVEL
Ed Pepper in Alabama knows that phone, gas, and light bills are too high. Ed Pepper has studied the records of these rates and he knows that they are too high. He will require the utilities to cut their rates to a level that is fair to the people who pay the bills. A vote for Ed Pepper is a vote to cut your utility bills.

★ REDUCE LONG DISTANCE PHONE RATES
It costs \$1.15 to call points in the city of Montgomery, but only 70¢ to call points in the city of Birmingham. Ed Pepper will require the utilities to cut long distance rates to a level that is fair to the people who pay the bills. A vote for Ed Pepper is a vote to cut your long distance phone bills.

★ LOWER CHARGES & IMPROVE SERVICE TO FARMERS
The farmers of Alabama are not being treated right by the utility corporations. Farmers have to pay more for utility service than they do in other parts of the state. Ed Pepper will require the utilities to cut their rates to a level that is fair to the farmers who pay the bills. A vote for Ed Pepper is a vote to cut your utility bills.

★ PUT NICKEL SLOT BACK ON PAY PHONES
The nickel phone call — like a good nickel cigar — is a thing of the past. But Ed Pepper intends to bring it back. There is no reason anybody ought to pay more than a nickel to make a local telephone call.

★ STATE-ELECTED JUDGE TO HEAR RATE CASES
The Circuit Judge of Montgomery County now has the power to approve rate increases in the other 96 counties of Alabama. This Judge divides all rate cases — even though the cases involve rate increases in your county. When elected, Ed Pepper will work to change the law so that the Judge who hears rate cases will be elected in a vote race by all the voters, and not just by the voters of Montgomery County.

★ LIMIT UTILITIES TO FAIR PROFIT
The records show that during the last 14 years the utilities have soaked the people of Alabama for exorbitant and unfair profits. Ed Pepper will protect your interest by giving you the benefit of these accumulated profits and surpluses.

★ RUN UTILITY LOBBYISTS OUT OF MONTGOMERY
The utility crowd fills up all the Montgomery hotel rooms with paid lobbyists and hired political cronies every time the Legislature meets. This powerful utility lobby has always fought against the people's interest in Montgomery. The money they spend for lobbying comes out of your pocket, and causes your phone, gas, and light bills to be higher. Ed Pepper will stop this and pass the savings on to you.

★ STOP UTILITY CROWD FROM BUYING POLITICAL INFLUENCE
It's supposed to be against the law for utility corporations to buy political influence. But everybody knows that they do it — and get by with it. They cover up by donating money for "advertising" and "public relations" and by paying padded lawyers bills. Ed Pepper will stop this and pass the savings on to you.

This powerful utility lobby has always fought against the people's interest in Montgomery. ★ STOP UTILITY CROWD FROM BUYING POLITICAL INFLUENCE
It's supposed to be against the law for utility corporations to buy political influence. But everybody knows that they do it — and get by with it. They cover up by donating money for "advertising" and "public relations" and by paying padded lawyers bills. Ed Pepper will stop this and pass the savings on to you.

★ RUN UTILITY LOBBYISTS OUT OF MONTGOMERY
The utility crowd fills up all the Montgomery hotel rooms with paid lobbyists and hired political cronies every time the Legislature meets. This powerful utility lobby has always fought against the people's interest in Montgomery. The money they spend for lobbying comes out of your pocket, and causes your phone, gas, and light bills to be higher. Ed Pepper will stop this and pass the savings on to you.

Your Phone—Gas—Light Bills

★ HALT USE OF OFFICE AS STEPPING STONE
When elected, Ed Pepper will stop on the job full time. He will not spend time running for office. Ed Pepper will use the Presidency of the Commission to serve the needs and interests of the people of Alabama and not as a mere political stepping stone to the Governor's chair.

★ END ADVERTISING PAYOFFS TO DAILY PRESS
The utility monopolies in Alabama spend millions of dollars every year for newspaper advertising. They pay this fee and light bills. Most of this advertising is not necessary. The utility corporations just use their ads as bribes to the daily press in exchange for slanted news stories and editorials. Ed Pepper will end these advertising payoffs to the daily press. He will require the utilities to pass the savings on to you in lower rates.

★ FORCE PHONE COMPANY TO REFUND YOUR MONEY
The telephone company is holding back over 35 million dollars that belong to you. They are using this money all the time, and using it like it was their own. Ed Pepper is going to force the phone company to refund this 35 million dollars that they have withheld from you so long, and to pay you interest on every single penny.

★ ABOLISH PHONY BOOKKEEPING PRACTICES
The utilities in Alabama are playing shell games with the public's money. They use dummy corporations, "legal" figures, and phony bookkeeping systems to keep the public in the dark. Ed Pepper will stop these phony bookkeeping practices and require the utilities to report their real income.

★ STRENGTHEN TVA
Having been born and raised in North Alabama, Ed Pepper has always been a staunch supporter of T.V.A. He has seen what T.V.A. rates have meant to our state. T.V.A. rates bring in jobs, industry, new pavements, and increased property tax for the people. You can count on Ed Pepper to support and strengthen T.V.A. in Alabama, and to work to get T.V.A. rates for everybody.

★ CUT UTILITY RATES TO FAIR LEVEL
Ed Pepper in Alabama knows that phone, gas, and light bills are too high. Ed Pepper has studied the records of these rates and he knows that they are too high. He will require the utilities to cut their rates to a level that is fair to the people who pay the bills. A vote for Ed Pepper is a vote to cut your utility bills.

★ REDUCE LONG DISTANCE PHONE RATES
It costs \$1.15 to call points in the city of Montgomery, but only 70¢ to call points in the city of Birmingham. Ed Pepper will require the utilities to cut long distance rates to a level that is fair to the people who pay the bills. A vote for Ed Pepper is a vote to cut your long distance phone bills.

★ LOWER CHARGES & IMPROVE SERVICE TO FARMERS
The farmers of Alabama are not being treated right by the utility corporations. Farmers have to pay more for utility service than they do in other parts of the state. Ed Pepper will require the utilities to cut their rates to a level that is fair to the farmers who pay the bills. A vote for Ed Pepper is a vote to cut your utility bills.

★ PUT NICKEL SLOT BACK ON PAY PHONES
The nickel phone call — like a good nickel cigar — is a thing of the past. But Ed Pepper intends to bring it back. There is no reason anybody ought to pay more than a nickel to make a local telephone call.

★ STATE-ELECTED JUDGE TO HEAR RATE CASES
The Circuit Judge of Montgomery County now has the power to approve rate increases in the other 96 counties of Alabama. This Judge divides all rate cases — even though the cases involve rate increases in your county. When elected, Ed Pepper will work to change the law so that the Judge who hears rate cases will be elected in a vote race by all the voters, and not just by the voters of Montgomery County.

★ LIMIT UTILITIES TO FAIR PROFIT
The records show that during the last 14 years the utilities have soaked the people of Alabama for exorbitant and unfair profits. Ed Pepper will protect your interest by giving you the benefit of these accumulated profits and surpluses.
